

Security: Your Plan for the Future

You should feel safe in your own home. At The Atrium at Navesink Harbor, we offer security today in the case that an emergency occurs and security for your future with services to meet your health needs as they change. We constantly look into ways to improve the reliability and effectiveness of our plans. And, of course, we're always happy to listen to resident input. Below, we've listed just a few ways we offer a sense of security to residents in the community.

Senior Living Security Precautions

Disaster Preparedness: When it comes to your security, the Springpoint team has a detailed action plan in place in the event of a disaster. We regularly revisit and update the procedures when necessary to give you the feeling of confidence you deserve.

Emergency Power: Our community has onsite generators and advanced arrangements for fuel supplies and backup generators should we lose power. By increasing the onsite power, we've enhanced our ability to provide power during storms and other extended power outages.

Emergency Communications: Communication is key in the event of an emergency situation. That's why we've set up emergency communication systems to keep our staff members, residents and families to share updated information.

Emergency Policies and Procedures: To be fully prepared for the unexpected, we share best practices and identify opportunities for improvement between all Springpoint communities.

Full Suite of Healthcare Services: By offering a full continuum of care, your needs will be taken care of now and in the future. Our service lines include Independent Living, Home Care, Skilled Nursing and Rehabilitation.

COVID-19 Policies: While it's true that we're in the midst of a very challenging time, we at The Atrium at Navesink Harbor — staff and residents — are a family pulling together, steadfast in our desire to see this through with kindness and compassion. While residents follow the stay-at-home rules

Security: Your Plan for the Future

and practice proper social distancing, they're still experiencing the love, care and support of community life. Our dedicated staff has been delivering meals to residents, streaming fitness and enrichment classes on the community TV channel and even keeping the Happy Hour tradition alive by delivering drinks right to their door.

Feel Safe and Secure at The Atrium at Navesink Harbor

Don't just take our word for it: Jeff Westerman, son of two Atrium residents, appreciates that his parents are safe in their home. He shared, "The Atrium organization has clearly seen and experienced almost everything which can go wrong or right in people's later lives. Having dealt with every contingency, your staff is obviously trained to address whatever may arise. And that provides profound relief. You've thought of it all - and even put it in writing!"

[Contact our team](#) today to learn more and ask any questions you may have. We're even able to schedule an appointment to share with you a virtual tour where you can get a glimpse of the community from the comfort of your own home.
